

HIGHTECH SIGNS

ARCHITECTURAL SIGNAGE

Experts in design | fabrication | and installation of interior and exterior architectural signage

For over 25 years, **HIGHTECH SIGNS** has serviced multiple industries including hospitals, architects, construction firms, business owners and those who found themselves needing a well-designed and well executed sign.

These photos of our work show a diverse collaboration of design, multiple levels of fabrication and the detail and craftsmanship that sets us apart from other companies.

Exterior signs are often one of the most important investments a company can make. With **HIGHTECH SIGNS'** expertise in development, design, fabrication and installation, you can be confident you will get the most from your investment.

As a company, our main focus is creating custom ADA room sign and wayfinding packages. From concept to installation, with state-of-the-art equipment, dedicated employees and superior industry knowledge, we are able to deliver the perfect solution for all interior signage needs.

Corporate Graphics & Displays

Part of any new or existing business strategy is to look good. A great design and implementation of a corporate logo, timeline, environmental graphics package or display can make an ordinary space...extraordinary.

From a simple dimensional logo to a lit dimensional masterpiece

our passion is to deliver a high quality, visually striking sign in any scenario.

Donor Recognition

Being an excellent service provider with the knowledge and ability to provide high levels of design and craftsmanship has led HIGHTECH SIGNS into many facets of the industry, including **Donor Recognition** signage.

Our projects range from small individual plaques recognizing single contributions to wall-sized, edge-lit acrylic displays dedicated to hundreds of people.

From concept to installation, HIGHTECH SIGNS has proven to be an industry-leading provider of **Donor Recognition** signage.

Unique designs, high quality materials, and a superior level of craftsmanship...

combine to deliver a maximum impact with any budget.

Exterior Signage

An **Exterior Sign** can set your business apart from other competitors and offer the elegance or brand your customer identify with.

A great design teamed up with a well-made sign will easily enhance the visitor experience.

We identify the needs and understand the concepts that best work with your environment and architecture

With **HIGHTECH SIGNS** long history of successful projects and earned relationships, we are confident that we can turn any **Exterior Sign** opportunity into a job well done.

Glass Frosting: Design-fabrication-installation

Sometimes you just don't want to spend your time in a "Fish Bowl." Sometimes, you may not want someone to see your sensitive information; sometimes you want some privacy. Other times, a large set of glass windows can become the perfect pallet for a statement about your workspace, breaking away from a traditional feel and creating something unique. We have proven to be a top provider for "outside the box" concepts and perfect implementation.

Interior ADA Signs / Wayfinding

With a long history of providing quality, timely signage solutions, **HIGHTECH SIGNS** has been defined by its ability to be a flexible, custom, small to large volume **ADA** and **Wayfinding** provider.

We can take your own design to the next level, or create a custom signage plan that fits your needs.

With 26 years of experience, we offer the combined knowledge and skills that will make every project a success.
